

Introduction

Our firm, Strategy Asset Managers, LLC, is an investment adviser registered with the Securities and Exchange Commission. We feel that it is important for you to understand how advisory and brokerage services and fees differ in order to determine which type of account is right for you. There are free and simple tools available to research firms and financial professionals at www.investor.gov/CRS, which also provides educational materials about investment advisers, broker-dealers, and investing.

What investment services and advice can you provide me?

We are a registered investment adviser that offers investment advisory services, including Comprehensive Portfolio Management and Financial Planning & Consulting to clients. If you open an advisory account with our firm, we'll meet with you to understand your current financial situation, existing resources, objectives, and risk tolerance. Based on what we learn, we will recommend a portfolio of investments that is monitored at least annually, and if necessary, rebalanced to meet your changing needs and goals. We will offer you advice on a regular basis and contact you at least annually to discuss your portfolio.

We manage accounts on a discretionary basis. By signing an agreement with our firm, you are giving us permission to buy and sell investments in your account without giving you prior notice. Any limitations will be described in the signed advisory agreement. We will have discretion until the advisory agreement is terminated by you or our firm.

We do not restrict our advice to limited types of products or investments. Furthermore, while our firm does not impose requirements for opening and maintaining accounts or otherwise engaging us, we generally recommend a minimum account size of \$250,000 for our comprehensive asset management service.

Financial Planning & Consulting is included in our Comprehensive Portfolio Management. Financial Planning & Consulting is also offered as a separate service for a flat or hourly fee. We do not monitor your investments as part of the Financial Planning & Consulting service.

Additional information about our advisory services is in Item 4 of our Firm Brochure, which is available online at https://files.adviserinfo.sec.gov/IAPD/Content/Common/crd_iapd_Brochure.aspx?BRCHR_VRSN_ID=620772

What fees will I pay?

You will be charged an ongoing annual fee applied quarterly based on the value of the assets in your account. The maximum annual fee for our Comprehensive Asset Management does not exceed 1.5%. If an account has \$250,000 the maximum annual fee never exceeds \$3,750, and if an account has \$500,000 the maximum annual fee never exceeds \$7,500. We therefore have an incentive to increase the assets in your advisory account. Our fees vary and are negotiable. The amount you pay will depend, for example, on the services you receive and the amount of assets in your account. Our firm's fees will be automatically deducted from your advisory account, which will reduce the value of your advisory account. In rare cases, we will agree to send you invoices rather than automatically deducting our fees from your advisory account.

For our Financial Planning & Consulting service, our maximum flat fee is \$12,500 and our maximum hourly rate is \$250. We charge an upfront retainer when you sign an agreement for this service and charge you the balance due when we provide a financial plan or consultation.

The custodian that holds your assets charges you a transaction fee when we buy or sell an investment for you. The custodian's transaction fees are in addition to our firm's fees for our Comprehensive Portfolio Management service.

You may also pay charges imposed by the custodian holding your accounts for certain investments and maintaining your account. Some investments, such as mutual funds, index funds, exchange traded funds, and variable annuities, charge additional fees that will reduce the value of your investments over time. In addition, you may have to pay fees such as "surrender charges" to sell variable annuities.

In certain cases, we may select third party money managers to assist us with managing your account. If selected, they will charge you a fee, which will be described to you in their Form ADV or agreement.

Fees and costs must be paid irrespective of the performance of the account and will reduce investment performance over time.

Additional information about our fees is in Item 5 of our Firm Brochure, which is available online at:
